KAMIT ENGINEERING SERVICES POLICY STATEMENT

QUALITY POLICY

KAMIT Engineering Services and Supplies Limited is committed to quality as the guiding principle in its decision making and leadership in provision of reliable and low cost engineering services and supply chain management to its valued customers.

The objective of the Company is to render quality professional engineering services and supply products that meet our customers as well as global standards and have the desired quality in accordance with customer requirements and specifications. Our customers expect consistent and ideal cost products and services delivered on time.

At KAMIT Engineering Services and Supplies Limited, quality is essential — in our products and services, our workplace and environment, and in our people.

To attain the above objective and satisfy the customer expectancies, KAMIT Engineering Services and Supplies Limited workshop and procedures are totally dedicated to executing and maintaining the Quality Management System based on **ISO 9001**. Though we are not yet accredited, plans are far advanced to achieve this aspiration shortly. Quality hitches arising in various areas are to be recognized and resolved with swiftness, technical competence and economy. We shall center our resources, both procedural and human, towards the prevention of quality deficits to fulfill the organizational goal of “right first time ... every time.” The fruitful operation of the system depends

upon the collaboration and participation of personnel at all levels. Our obligation to quality will guarantee the continued feat of our Company and the approval of customers and staff. We are dedicated to refining our performance in every aspect of our business.

HEALTH AND SAFETY POLICY

KAMIT Engineering Services and Supplies Limited is committed to Health and Safety Policy

that is tested and proven to be efficient in dealing with all possible risks associated with the execution of our operations.

Our statement of general Health and Safety policy is:

- To provide adequate control of the health and safety risks arising from our work activities
- To consult with our employees on matters affecting their health and safety;
- To provide and maintain safe tools, plant and equipment for our operations;
- To ensure safe handling and use of equipment, tools, machines and substances;
- To provide information, instruction and supervision for employees;
- To ensure all employees are competent to do their tasks, and to give them adequate training;
- To prevent accidents and cases of work-related ill health;
- To maintain safe and healthy working conditions; and
- To review and revise this policy as necessary at regular intervals.

ENVIRONMENTAL POLICY

KAMIT Engineering Services and Supplies Limited is committed to leading the industry in minimizing the impact of its activities on the environment. The key points of its strategy to achieve this are: Minimize waste by evaluating operations and ensuring they are as efficient as possible.

We are also committed to long term sustainable approach to caring for the environment within which we operate.

KAMIT Engineering Services and Supplies Limited accepts responsibility for the harmful effects its operations may have on both the local and global environment and is committed to reducing them.

We will measure its impact on the environment and set targets for ongoing improvement.

The Company will comply with all relevant environmental legislation.

The Company will implement a training program for its staff to raise awareness of environmental issues and enlist their support in improving the Company's performance.

KAMIT Engineering Services and Supplies Limited will encourage the adoption of similar principles by its suppliers.

We will contribute in efforts that will enhance environmental protection and education. We

will share appropriate pollution prevention technology and methodology with other vendors

or suppliers.

We shall establish procedures for periodic review of environmental compliance with all laws regulation.
